Dear Parents,

It certainly has been a very busy week with lots of activities. Well done to Year 2 for working so hard during their SATs this week.

Today was Funky Friday which has been very entertaining but educational too. All year groups were involved and dressed up as 'Jobs People Do'. Lots of different activities were carried out in each year group and all the children learned about a variety of professions. Thank you for all your donations towards the Nepal Earthquake Appeal; we will let you know how near we are to our overall target of £1000 once all donations have been counted.

The NSPCC came back on Wednesday to award the children with their badges for all their efforts in raising funds during the Workout Challenge. They have collected a staggering £2217.53 which is the most money the school has raised for a single charity. A huge well done! Thank you to those friends and family who have supported this and of course to all the children who took part.

Reception will be visiting Brooklands Museum on the 3rd June. The children will be learning all about the different vehicles as part of their Transportation topic. I'm certain they will all have a fun learning experience.

Year 2 will be having a day out at Portsmouth Aquarium on Thursday 4th June. Let's hope they have good weather for their day at the seaside.

Please be aware that when the children return on Tuesday 2nd June there will be scaffolding around the junior building as part of our ongoing programme of school building improvements. This means that some access around the junior building will be restricted, particularly near to the hall. We appreciate your patience whilst these works are being completed.

Please could parents spend a few minutes to complete a parental survey from the following link by 5th June? If you do enter and submit your name you will be entered into a prize draw. (Prizes to be confirmed).
